

EUROPEAN PHEASANT HUNT

Saturday, February 27, 2010

**\$199
per hunter**

**15 Hunting Blinds
Only 30 Spots
Available**

You will need a \$100 deposit to Ravenwood by Monday February 22, 2010 and the balance upon arrival before the hunt and a Kansas 2010 Hunting License. (We do not sell hunting licenses at Ravenwood. Purchase them online.) This hunt includes a 10 pheasant release per hunter, professional guides and dogs. Plan on arriving at Ravenwood Lodge at noon for coffee and rolls and to select your hunting blind. We plan to have you in your hunting blind by 1:00 PM. The pheasants harvested will be divided among all the hunters so that everyone will have a opportunity to take birds home. We should have you back to the lodge by 4 PM to tell true stories and pick up your birds. Bird cleaning is available but not included. The cost for having your birds breasted and field dressed and iced and put in a cooler is \$3.00 per bird. When you make your deposit let us know at that time so we will have enough staff to expedite the process at your hunt. Otherwise you will be taking your birds home with you. Plan on bringing lots of shells. I would suggest somewhere between 5 and 10 boxes. **YOU WILL HAVE A BLAST!**
